The Essentials
A HISTORY OF EXCELLENCE

Snoc was founded in 1954 and has grown to become Canada’s leading manufacturer of cast aluminum residential outdoor luminaires. Our employees, averaging over 15 years of experience, are staunchly dedicated to the success of the company and its customers.

We continue to foster and maintain a healthy working environment and build enduring relationships with our business partners. This philosophy has been deeply entrenched throughout the company since the days when Mr. SaNsOuCy—who founded the company—in a manner of speaking, gave his name to Snoc.

QUALITY CONTROL

Snoc is a manufacturing company through and through. Everything, from conceptual design to fabrication, finishing and packaging, is processed within its perimeter. This autonomy in manufacturing and the ensuing experience give Snoc total control over the quality of its products.

Well before they became fashionable catchwords, Snoc already made “quality” and “service” the cornerstone of its business philosophy. No form of compromise in product quality and service has ever been acceptable. As a result, Snoc confidently offers a lifetime warranty on its cast aluminum products.

Snoc has forged an enviable reputation among its customers as the supplier “par excellence” of cast aluminum outdoor lanterns. We offer a complete selection of products including mailboxes and house numbers.

With a keen eye for innovation, Snoc is always there to fill the gap with new products that are in style and durable.
Features & benefits

- Fast delivery
- Single piece cast aluminum body
- Exclusive glass attachments prevent rattling due to wind
- Rain and weather resistant construction
- Sharp edges eliminated by hand milling

Lifetime Warranty

Snoc manufactures only quality components using the best aluminum alloy available. Our employees are experienced and care for the smallest details. This is why Snoc is able to extend a lifetime warranty on all its cast aluminum parts.

Part replacement warranty

We are fully committed to make sure that all replacement parts are available for a minimum of 20 years.

**Finishes**
All components used in Snoc products undergo a rigorous prepaint treatment. They are then coated with baked powder coat paint which becomes one of the most durable finishes in the industry. This is why Snoc offers a 5-year warranty against paint peeling.

- **AC** Antique Copper
- **AS** Antique Silver
- **AZ** Antique Bronze

---

**ORDERING EXAMPLE**

81039 **AC SE LD**

- Model no.
The first five digits compose the model number.

- Finish suffix
The first two letters represent the finish.

- Glass suffix
The 3rd and the 4th letters identify the glass panels or the diffuser selected, if different from the standard one offered.

- LED suffix
The last two letters (LD) indicate an integrated LED lighting system.
